CHICAGO, Nov. 24.—Lack of export demand put wheat values today most of the time on the down grade. SAGE TEA PUTS LIFE AND COLOR IN HAIR
Don't Stay Gray! Sage Tea and Sulphur Darkens Hair Naturally. No one can tell.

You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a 50 cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur tonight, and you'll be delighted with your dark, handsome within a few days.

FINANCES and MARKETS

[Republican A. P. Leased Wire]

NEW YORK, Nov. 24. (Wall Street)—The approaching holiday afforded an excuse if not an actual reason for another dull session of the stock exchange. With a few exceptions prices were substantially better.

All the oil shares were strong, Texas company leading with an advance of 3/4 to the new record of 220. Cuban American Sugar advanced 3/4 to 150 and established a new high price for that stock, while South Porto Rico sugar rose 5/8 to 135 1/2.

Some war issues advanced 1 to 3 1/2 points, the greatest gain being made by Crucible Steel preferred as a result of renewal of dividends.

Rails were irregular during the early session, chiefly because of the persistent pressure against New Haven, which fell 1/2 to 75 1/2, but later pronounced improvement was manifested.

Metal stocks were active for the most part at higher levels, Utah advancing 1/4 to 50 on the basis of its stockholders are expected to derive from the distribution of Guggenheim Exploration holdings. American Smelting also rose materially toward the end, gaining 3/4 to 100 1/2, but losing some of this advance on declining sales. There was steady absorption of United States steel at a fractional rise but Bethlehem steel was again without quotation except for an occasional odd lot. Total sales amounted to \$40,000.

"Futures" sales of Mercantile Marine 4 1/2's at a slight advance were a feature of the firm bond market. Total sales par value, aggregated \$5,175,000. United States bonds were unchanged on call.

PART OF MAIL STOLEN FROM TEMPE IS FOUND

Pouch Stolen Some Time Ago Is Found—Lock Pouch Still Missing

A portion of the mail stolen from the Arizona Eastern depot here six weeks ago, was found night before last in a field on the E. M. White ranch, north of the river, and the mystery of the affair grows even deeper, for mail from Phoenix due here at 6:20 in the morning, was included in the set of four pouches taken. It was at first supposed that the advance on the mail had been taken from the depot on the evening previous, but the fact that part of the missing mail was from Phoenix, and that it could not have reached here earlier than 6:30 makes it appear the robbery occurred in plain daylight.

The delay of almost a week in reporting the affair to the postal department and to the local officers where the robbery was committed, made it at the time impossible to investigate. One of the missing pouches was found, shortly after, hidden away in the vacant field not a hundred yards from the depot, but all of the contents were gone. The pouch found night before last was partly empty of its contents, only newspaper matter and sundry other articles of little value being left.

Two other pouches, one containing second class mail and the other the letters and other matter of the first class are missing. The officials are of the opinion that these, too, will eventually be found in some out of the way place along the railroad.

THIS AFTERNOONS GAME
Basketball in the Thanksgiving attraction for Tempe this year, with Tempe high and Florence high as the contenders. The two teams, in addition, are expected to arrive this morning and they are said to be lined up strong, sufficiently strong to put up two hard battles. In addition to the games, there will be a concert by the Tempe band, which has offered its presence at the games to serve as an auxiliary entertainment for the crowd. The games will be played at the high school, the boys' game which is the first, commencing at three o'clock.

LAURANT PLEASER
Eugene Laurant proved himself beyond any doubt a thorough magician, at least to a Tempe audience, when he appeared at the Normal auditorium night before last as the second entertainment on the lecture course series. His magic work was a marvel and an absolute mystery to practically all. His acts, in which he was assisted by the little children chosen from the audience, were particularly interesting and amusing and proved to be the most popular events on the program. Incidentally the work of the new normal orchestra, on that occasion, numbering ten pieces, filled in the dull moments between acts, and kept something going through the entire program. The musical numbers were splendid and were the source of many compliments for the new orchestra, its member and the director, Mrs. Williams.

THANKSGIVING SERVICE
The Tempe churches will unite in the commemoration of Thanksgiving day, with an appropriate service to be held in the Methodist church this morning at ten o'clock. An appropriate song service will be given and the Thanksgiving address will be delivered by Rev. N. A. Coxey, pastor of the Baptist church. He will speak on the theme, "Giving Thanks for All Things."
